## **Board of Selectmen Policies and Procedures**

### **ARTICLE I. Procedural Policies Purpose**

#### **Section 1.01 Purpose**

These policies and procedures shall address those topics that cannot be dealt with elsewhere. Its content should be considered supplemental and subordinate to language embodied in state statute, Town Charter and Town By-law.

Subjects which are more appropriately addressed in statute, by-law or regulation shall not be included in this format, except in reference. The individual policies and procedures embodied herein are severable. If any of them are held to be unconstitutional or invalid, the remaining policies and procedures shall not be affected thereby.

#### **Section 1.02 Establishment of Policies and Procedures**

Draft policies and procedures will be placed on the agenda for any regularly scheduled meeting of the Board. Drafts will be in writing, and may be introduced only by a member of the Board or the Town Manager. Upon receipt of a draft, the Board may choose to discuss the policy immediately or schedule the discussion for a future meeting. The Board may schedule any hearings or meetings it deems necessary for discussion. The Board may distribute a draft for comment to appropriate officials as it deems necessary.

The Board will not vote on a policy at the same meeting that it is first introduced. This rule may be waived if the majority of the Board votes that prompt action is necessary. A unanimous vote of a three member board or four votes of a five member board is necessary for adoption. Policies and Procedures will be distributed to all new board members.

The Town Manager shall be responsible for the maintenance of all policies and procedures, for updating the policy manual with new and amended policies, and for ensuring that copies of the Board's policies and procedures are distributed to newly elected Board members. Copies of the policy manual shall be made available to the public at the Selectmen's Office and at the Office of the Town Clerk.

#### **Section 1.03 Authority**

## **Section 1.05 Duties & Responsibilities –Code of Conduct**

A member of the Board, in relation to his/her responsibility to the community, shall recognize that his/her primary role is to set policy, with responsibility for administration delegated to the Town Manager;

- a) recognize that he/she is a member of the Board, and shall abide by all Board votes once they are made;
- b) be well informed concerning the duties of a Board member on both state and local levels;
- c) remember that he/she represents the entire community at all times;

As a member of the Board, a Selectman shall:

- g) endeavor to establish sound, clearly defined policies which will direct and support the administration for the benefit of the people of the Town;

- i) give the Town Manager full responsibility for discharging his/her decisions and solutions;

- l) uphold the intent of executive session and respect the privileged communication that exists therein and;
- m) treat with respect the rights of all members of the Board despite differences of opinion.

## **Section 1.08 Meeting Procedures**

The Board of Selectmen functions only when acting as a Board in a legally constituted session. The Board functions as a body in all policy decisions and all other matters as required by law or determined by a vote of the Board in formal session. Selectmen are elected officials with responsibility to represent all segments of the community and there should be no restraint in the proper and reasonable exercise of this responsibility. The individual members of the Board shall respect their responsibility to other members of the Board so that the discharge of these duties may be accomplished in an expeditious and productive manner. Extended orations or arbitrary declarations are not conducive to intelligent and factual solutions to problems before the Board.

Meetings are to be conducted in accordance with generally accepted rules of parliamentary procedure and the Open Meeting Law. All meetings of the Board shall be held in places accessible to the handicapped.

A quorum shall consist of three members of the Board. As a practical courtesy, action on critical or controversial matters, the adoption of policy or appointments shall be taken whenever practicable with the full Board in attendance. Actions and decisions shall be by motion, second, discussion, and vote.

Split votes will be identified by name in meeting minutes. The Chair will announce the outcome of each vote taken.

Regular meetings of the Board will be held in the Joseph F. Bilotta Meeting Room as scheduled by the Board unless otherwise noted. Typically meetings shall be televised on the local cable access channel. Meetings falling on a legal holiday shall be rescheduled by the Board.

Meetings of the Board may be convened at the direction of the Chair whenever circumstances require. The Board will post notice and record minutes of all meetings as required by the Open Meeting Law and town bylaws.

## **Section 1.09    Agenda**

The Town Manager bears primary responsibility for coordinating and planning the agenda for regular meetings of the Board. All items to be considered must be submitted to the Selectmen's office by the close of business the Tuesday prior to the scheduled meeting date. Items of an emergency nature that develop after the close of the agenda may be added to the agenda by the Chair. The agenda for a regularly scheduled Board meeting shall be prepared by the end of the work day on Thursday the week prior.

Members of the staff, Town Manager or others who prepare background materials for a meeting should have such materials available by the close of business on the Thursday prior to the scheduled meeting date. To this end, the Board will take the following steps:

- Public comment shall be limited to fifteen minutes with no more than three minutes allowed per speaker except at the discretion of the Chair.
- Individuals may address topics which are within the scope of responsibility of the Board of Selectmen.
- In addition to public comment, a resident or group of residents may request a meeting with the Board by contacting the Selectmen's office, stating precisely the reason for the appearance and the Board action desired and by naming a spokesman for the group. As circumstances permit, such a meeting will be incorporated into the agenda of the next regularly scheduled Board meeting. Participants shall be allowed to make a reasonable presentation through the spokesman and to express opinions, and to ask for pertinent information. Residents making such presentations are encouraged to prepare written materials for the Board's review;

1. These procedures govern the selection of designers for any municipality or local public agency building project subject to the state designer selection law, M.G.L. c. 7C, §§ 44-57. Any other local law governing the procurement of services will be inapplicable to these procurements.
2. The Town Manager for the Town of Lunenburg ("Approving Body") has the authority to conduct the designer selection process for the Town of Lunenburg as the awarding authority ("Awarding Authority"). The Approving Body may delegate any duties described herein to the extent such delegation is permissible by law.
3. The Approving Body shall designate the individual or group of individuals (hereinafter referred to as "the Committee") who will conduct the designer selection process.   - a. description of the project, including the specific designer services sought, the time period within which the project is to be completed, and, if available, the estimated construction cost;

  - g. when and where the RFQ can be obtained and the applications must be delivered.
- 6. The RFQ shall include the current "Standard Designer Application Form for Municipalities and Public Agencies not within DSB Jurisdiction," which is available for download from the Massachusetts Designer Selection Board website at Procedures for Municipalities and Public Agencies not within DSB Jurisdiction The Application Form may be amended to include additional information on a project-specific basis.
- 7. The Committee shall evaluate applicants based on the following criteria:

  - c. financial stability;
  - d. identity and qualifications of the consultants who will work with the applicants on the project; and
  - e. any other criteria that the Committee considers relevant to the project.

- 9. The Committee shall rank the finalists in order of qualification and transmit the list of ranked finalists to the Approving Body. No person or firm, including applicants' listed consultants, debarred pursuant to M.G.L. c. 149, § 44C, shall be included as a finalist on the list.

The list must be accompanied by a written explanation of the reasons for selection including the recorded vote, if any. The written explanation and recorded vote, if any, shall be public records and shall be maintained in the contract file.

- 10. If the fee was set prior to the selection process, the Approving Body shall select a designer from the list of finalists. If the Approving Body selects a designer other than the one ranked first by the Committee, the Approving Body shall file a written justification for the selection with the Committee and maintain a copy in the contract file.
- 11. If the fee is to be negotiated, the Approving Body shall review the list of finalists and may exclude any designer from the list if a written explanation of the exclusion is filed with the Committee and maintained in the contract file. The Approving Body shall request a fee proposal from the first ranked designer remaining on the list and begin contract negotiations. If the Approving Body is unable to negotiate a satisfactory fee with the first ranked designer, negotiations shall be terminated and undertaken with the

remaining designers, one at a time, in the order in which they were ranked by the Committee until agreement is reached. In no event may a fee be negotiated which is higher than the maximum fee set by the Approving Body prior to selection of finalists.

12. If the Approving Body is unable to negotiate a satisfactory fee with any of the finalists, the Approving Body shall recommend that the Committee select additional finalists.
13. The Approving Body may allow a designer who conducted a feasibility study to continue with the design of a project. However, the Approving Body may commission, at its discretion, an independent review, by a knowledgeable and competent individual or business doing such work, of the feasibility of the designer's work to insure its reasonableness and its adequacy before allowing the designer to continue on the project, provided the Approving Body otherwise complies with the statutory requirements for selecting a designer under Chapter 7C of the General Laws, including those set forth in M.G.L. c. 7C, § 54(a)(i).
14. Every contract for design services shall include the following:
  - a. certification that the designer or construction manager has not given, offered, or agreed to give any person, corporation, or other entity any gift, contribution, or offer of employment as an inducement for, or in connection with, the award of the contract for design services;
  - b. certification that no consultant to, or subcontractor for, the designer or construction manager has given, offered, or agreed to give any gift, contribution, or offer of employment to the designer or construction manager, or to any other person, corporation, or entity as an inducement for, or in connection with, the award to the consultant or subcontractor of a contract by the designer or construction manager;
  - c. certification that no person, corporation, or other entity, other than a bona fide full-time employee of the designer or construction manager, has been retained or hired by the designer or construction manager to solicit for or in any way assist the designer or construction manager in obtaining the contract for design services upon an agreement or understanding that such person, corporation, or other entity be paid a fee or other consideration contingent upon the award of the contract to the designer; and
  - d. certification that the designer has internal accounting controls as required by M.G.L. c. 30, § 39R(c), and that the designer has filed and will continue to file an audited financial statement as required by M.G.L. c. 30, § 39R(d).

All fees shall be stated in design contracts, and in any subsequent amendments thereto, as a total dollar amount. Contracts may provide for equitable adjustments in the event of changes in scope or services.

15. The Awarding Authority shall not enter into a contract for design services unless the Awarding Authority or the designer has obtained professional liability insurance covering

negligent errors, omissions, and acts of the designer or of any person or business entity for whose performance the designer is legally liable arising out of the performance of the contract. The total amount of such insurance shall at a minimum equal the lesser of one million dollars or ten percent of the project's estimated cost of construction, or such larger amounts as the Awarding Authority may require, for the applicable period of limitations. A designer required by the Awarding Authority to obtain all or a portion of such insurance coverage at its own expense shall furnish a certificate or certificates of insurance coverage to the Awarding Authority prior to the award of the contract.

16. Every contract for design services shall include a provision that the designer or its consultants shall not be compensated for any services involved in preparing changes that are required for additional work that should have been anticipated by the designer in the preparation of the bid documents, as reasonably determined by the individual responsible for administering the design contract.

17. In the event of an emergency that precludes the normal use of these designer selection procedures, the Approving Body may elect to authorize expedited procedures to address the emergency. The Approving Body shall document in writing the reasons for the emergency declaration, the proposed scope of work, the estimated cost of construction, the established fee for the needed design services, and any other relevant information.

The Approving Body may select three finalists from any standing list of designers who have applied for projects of a similar nature, or may otherwise select three designers to be considered as finalists for the project. The Approving Body shall rank the finalists in order of qualification and select the designer for the emergency work.

18. The Awarding Authority shall publish the name of any designer awarded a contract in the Central Register.

19. The following records shall be kept by the Awarding Authority:

- a. all information supplied by or obtained about each applicant;
- b. all actions taken relating to the project; and
- c. any other records related to designer selection.

All records shall be available for inspection by the state Designer Selection Board and other authorized agencies.

20. The Awarding Authority shall evaluate designers' performance on contracts using the Designer Selection Board evaluation form(s) in accordance with M.G.L. c. 7C, § 48(g), and file completed evaluations with the Board and any other agency named in M.G.L. c. 7C, § 48(g).

21. Nothing in these Procedures shall be interpreted to require the establishment of a board or waive or reduce the requirements of any other applicable law or regulation.

22. For any municipal design or construction project that includes funding provided by the Commonwealth, in whole or in part (such as reimbursements, grants and the like), the Town must incorporate minority-owned business enterprise and women-owned business enterprise participation goals. If applicable, the Awarding Authority shall take steps to assure that it complies with all State Office of Minority and Women Business Assistance requirements.

  - b. If option (b) is chosen: The Board of Selectmen must execute and record a *Notice of Assignment*, stating the name and address of the organization or agency which is expected to exercise the option and the terms and conditions of

the assignment. If the land trust or agency elects to exercise the option, it must send notice to the landowner by certified mail, and record its Notice of Exercise, containing the name of the owner of record and a description of the premises adequate for identification, plus propose a purchase and sale agreement to be consummated within 90 days, or such extended time as may be agreed upon by the parties.

- c. If option (c) is chosen: The Board of Selectmen should sign and deliver a *Notice of Non- Exercise*, containing: the name of the owner of record; a description of the premises adequate for identification; and a brief description of the terms contained in the original Notice, to the landowner, sending it by certified mail to the landowner's address as set forth in the Notice of Intent.

Note: If neither the Notice of Exercise nor the Notice of Assignment is recorded within the 120-day period, or the Town gives Notice of Non-Exercise the Town's option expires and the landowner is free to sell, but only upon the original terms spelled out in the purchase and sale agreement that accompanied his/her original Notice of Intent.

## **Article II. Operational Policies**

### **Section 2.01 Access to Town Counsel (Amended 10/16/18)**

All requests for the use of Town Counsel must be submitted in writing or verbally to the Town Manager with the exception of town counsel monthly office hours. Use of Town Counsel monthly office hours is restricted to town employees, board, committee, and commission members and legal questions must directly pertain to matters within their realm of jurisdiction and cannot be for personal interests. The Town Manager may assist citizens interested in submitting citizens' petitions for town meetings and may seek the advice of Town Counsel relative to the form and substance of these petitions, and their lawfulness and effect. Legal matters that require further legal review outside of monthly office hours must receive approval from the Town Manager. The Town Manager will henceforth act as the contact point between Town Counsel and the governmental body of the Town unless an alternate contact person is designated by the Town Manager.

The information furnished to the Town Manager must include:

- The request or the question
- What date a response is needed by
- What type of response (written/verbal) is needed
- Any additional information you may feel is necessary

The Town Manager will log in this request for Town Counsel's services and will respond as necessary for each request for services.

Emergency situations should they arise, will be handled by contacting Town Counsel directly. Then, immediately notifying the Town Manager as to the subject matter of the request as well as an explanation as to why it was determined to be an emergency situation.

When a governmental body becomes aware that litigation is probable or imminent the Town Manager and the Board of Selectmen shall be notified immediately. A meeting shall then be scheduled by the Town Manager with all pertinent parties in attendance, including but not limited to; the governmental body involved, the Board of Selectmen, Town Manager and Town Counsel, to review strategy, risk assessment and cost limitations.

## **Section 2.02 Remote Participation (Adopted on 05/22/2013)**

### Purpose Statement

The Office of the Attorney General amended the Open Meeting Law regulations at 940 CMR 29.00 to allow members of public bodies, in limited circumstances, to participate remotely in meetings. While members of Town Boards should make every effort to attend meetings in person, the new regulations seek to promote greater participation in government meetings by allowing members to participate remotely when certain specific circumstances prevent them from being physically present.

The intent of this policy is to establish clear guidelines on the practice of remote participation by Town Boards under the Open Meeting Law, M.G.L. c.30A, §§18 – 25.

### Enabling Authority-940 CMR29.10(8)

A municipality may adopt a policy that prohibits or further restricts the use of remote participation by public bodies within its jurisdiction.

### Applicability

The Board of Selectmen on May 22, 2012, voted to authorize the adoption of 940 CMR 29.10 so that remote participation is permitted in the Town. The Board of Selectmen may revoke its adoption of 940 CMR 29.10 by simple majority vote at any time.

This policy and 940 CMR 29.10 shall apply to all Town boards, committees, commissions, sub-committees, task forces and working groups (“Town Boards”) regardless of whether such Town Boards are appointed or elected. Where the Remote Participation Policy is more stringent than 940 CMR 29.10, the Policy shall control.

### Minimum Requirements for Remote Participation

No member of a Town Board shall participate in a meeting remotely unless the following requirements are met:

- a. Members of the Town Board who participate remotely and all persons present at the meeting locations shall be clearly audible to each other and, if the meeting is televised, the member participating remotely shall be audible to the television viewing audience;
- b. A quorum of the Town Board, including the chair or the person authorized to chair the meeting shall be physically present at the meeting location;
- c. To the greatest extent practical, and to ensure informed discussion and decision-making, members of the Town Board who participate remotely should have access to the materials being used at the meeting location.

#### Permissible Reasons for Remote Participation

It is the expressed intent of the Board of Selectmen that remote participation in meetings be an infrequent event, for both individual board members and Town Boards as a whole. Chairs of Town Boards are encouraged to interpret these rules in a strict fashion and encourage all members to attend meetings in person as a general rule, due to the inherent benefits of physical presence in a meeting.

A member of a Town Board may be permitted to participate remotely in a meeting if the member determines that one or more of the following factors makes the member's physical attendance unreasonably difficult yet still leaves that member able to actively participate in the meeting:

- a. Personal illness or illness of person board member is caring for;
- b. Personal disability;
- c. Emergency;
- d. Military Service; or
- e. Significant geographic distance.

#### Technology

The following media are acceptable methods for remote participation. Accommodations shall be made for any Town Board member who requires TTY service, video relay service, or other form of adaptive telecommunications.

- a. Telephone, internet, or satellite-enabled audio or video conferencing;
- b. Any other technology that enables the remote participant and all persons present at the meeting location to be clearly audible to one another.

When video technology is in use, the remote participant shall be clearly visible to all persons present in the meeting location.

The focus of the chair should always be on maintaining the flow of the meeting. If the chair determines that technical difficulties are inhibiting the progress of the meeting, the chair may elect to terminate the participation of the remote member. If technical difficulties arise resulting in the loss of connection with the remote participant, that participant's attendance shall be terminated. Either such event shall be noted in the meeting minutes.

Each individual Town Board that anticipates using remote participation shall determine which of the acceptable methods may be used by its members.

#### Procedures for Remote Participation

1. Any member of a Town Board who wishes to participate remotely shall as soon as reasonably possible prior to a meeting, notify the person chairing the meeting of his or her desire to do so and the reason for and facts supporting his or her request.
2. The meeting chair shall make any necessary arrangements with appropriate Town personnel to ensure that the required equipment is available and to the greatest extent practical, provide access to all meeting materials.
3. At the start of the meeting the chair shall announce the name of any member who will be participating remotely and the reason for his or her remote participation. This information shall be recorded into the minutes.
4. Members participating remotely may vote and shall be counted as present for the meeting.
5. All votes taken during any meeting in which a member participates remotely shall be by roll call vote.
6. Remote participation shall not be allowed when the Town Board is participating in an Executive Session.
7. The Town shall not be responsible for the reimbursement of any out-of-pocket costs associated with the remote participation of Board Members.
8. Members participating remotely are cautioned that the same obligations of consideration apply as in any physical meeting. Remote participants should direct all their attention to the meeting and should make their decisions based upon the same information as is available to all the other participants in the meeting. The remote participant shall also state at the beginning of any meeting that no other person is in proximity who could exert undue influence on the participant and shall inform the chair if that situation changes.
9. The chair of any committee for which a request is received to participate remotely shall provide to the Board of Selectmen, no later than December 31 of each year, a report that indicates the date(s) of any meetings for which remote participation was requested, the name(s) of the individuals making the request, and a summary of any logistical, technical and compliance issues related to remote participation.
10. Remote participation may not always be available in all meeting locations at all times.

**Exception to this policy: In the event the State suspends the regulations related to Remote Participation and allows full remote participation, this policy is not in effect.**

## **Section 2.03 Use of Information Technology Resources Policy for Appointed and Elected Board/Committee Members**

### Policy

It is the policy of the Town of Lunenburg (the “Town”) to ensure effective business communications among all individuals within the Town and with others outside of the Town, in particular the Town’s citizens. It is important that all forms of communication, whether verbal, written or transmitted via the Town’s electronic communications systems, promote an atmosphere of professionalism, courtesy and respect.

### Town Communications

- All communications regarding Town procedure and administration or which may affect the Town or its personnel as a whole, will either originate from or be approved by the Town prior to distribution. No individual in the Town is to send or distribute any communication to “All Personnel” or “All Users” without prior authorization from the Town. Individual Boards and Committees, through their Chair or the Chair’s designee, are authorized to send or distribute communications regarding their Board or Committee’s area of responsibility.
- Bulletin Boards. The Town maintains a bulletin board, which is designated for the posting of Town notices. All official notices shall be posted on the designated bulletin board(s).
- Solicitations. Board and Committee members are prohibited from soliciting others, including employees, during working time and from distributing materials in work areas. Work time does not include rest periods, breaks or lunch periods. Board and Committee members are prohibited from selling or buying merchandise at any time.

### Electronic Communication Devices

Electronic communication devices as defined in this policy include, but are not limited to, the Town’s telephone system (including voicemail), facsimiles, electronic mail, instant messaging, text messaging, Internet services, Intranet, cell phone services, pagers, copy machines, Town-owned laptops, tablets and computers provided for home use (“electronic communication devices” or collectively referred to as “electronic communication systems”). Electronic communication devices are Town-owned resources and are provided as business communication tools. All information or transmissions that are created, sent, received or stored on the Town’s electronic communication systems (“electronic communications”) are the sole property of the Town.

This policy governs all use of Town-owned electronic communication devices, electronic communications and electronic communication systems and also governs electronic communications which occur using electronic communication devices or electronic communication systems not owned by the Town but that occur in connection with the Town’s

activities whether on or off the Town's premises. Electronic messages should be communicated with the same thought and care devoted to written or verbal communications. Individuals should not transmit any form of electronic communication that they would not be comfortable writing in a letter or memorandum. All individuals of the Town must adhere to the following, while on the Town's premises and off-site, and use good judgment when using the Town's electronic communication devices.

- Privacy. There can be no guarantee of privacy for electronic communications regardless of whether an employee is required to use a password to access any electronic communications system. The Town reserves the right to review and/or monitor all electronic records and communications, at any time, with or without notice, including individual user folders and other information stored on the Town's electronic communication systems. In accessing the Internet, users should assume that all connections and sites visited will be monitored and recorded. This examination helps to ensure compliance with Town policies, assists when internal investigations must be conducted and supports the management of the Town's information systems. Use of the Town's electronic communication devices constitutes acceptance of such monitoring.

Board and Committee members should also be aware that communications through non-Town electronic communication devices or systems for Town business may subject their personal devices, systems and/or accounts to review in response to a public records request. Board and Committee members are, therefore, strongly encouraged to use only Town issued electronic devices and systems for Town-related business.

- Security. The Town's electronic communication systems are to be used only by authorized persons. An electronic mail (e-mail) account is assigned to each user with a username and password. Any communication sent from that account is the responsibility of the user assigned to the account. Except when specifically authorized by the Town, users shall not (i) disclose their passwords to others; (ii) use someone else's password; (iii) provide their e-mail address to any non-business related Internet Website; or (iv) transmit their user names or passwords through the e-mail. Passwords are designed to provide security of the Town's electronic communication systems from unauthorized users, not to provide privacy to individual users of the Town's electronic communication systems.
- Workplace Environment. The Town is committed to maintaining an environment free from all forms of abuse and harassment. Use of the Town's electronic communication systems to send abusive, vulgar, offensive or discriminatory messages is prohibited. Among those that are considered offensive are any messages that contain profanity, overt sexual language, sexual implications or innuendo or comments that offensively address someone's age, gender, race, sexual orientation, religious beliefs, national origin, or disability.<sup>1</sup> Individual Board and

---

<sup>1</sup> Sexual harassment and harassment on the basis of race, color, religion, creed, national origin, ancestry, gender, age, as defined by law, physical or mental disability, sexual orientation, as defined by law, gender identity or

Committee members are responsible for the content of all text, audio or images that they place or send over the Internet and for ensuring that the Internet is used in an effective, ethical and lawful manner. The transmission or downloading of any sexually explicit materials including abusive, profane or offensive language or images is prohibited. The Town reserves the right to access and monitor all messages and files as it deems necessary and appropriate.

- Effective Business Communications. While e-mail and voicemail may be the quickest and easiest way to communicate, it may not always be the most appropriate or effective way to communicate when managing or conducting the Town's business. Board and Committee members should avoid using e-mail when the message that must be communicated involves extremely important, confidential or sensitive internal Town matters (e.g., discussions regarding an employee's work performance or a candidate's application for employment). Such communications, including dialogues that call for extensive back-and-forth discussion, are best held in person or on the phone.
- Confidential Information. Users of the Town's electronic communication systems should be careful in creating e-mail messages that contain confidential information or providing such information through access to Internet web sites. E-mail is inherently insecure, as E-mail messages are sent over the Internet unencrypted, and can be intercepted and read by a third party. Even when a message has been deleted or Internet access terminated, the information may still exist in a printed or electronic version, may be recreated from a back-up system, or may have been forwarded by the recipient to someone else.
- Protected Health Information. Board of Committee members will generally not have access to Protected Health Information ("PHI"). In the event they do, they must take reasonable steps to ensure that access to electronically transmitted PHI is password protected. Electronically stored PHI, including such information residing in electronic messages, electronic document files, databases, removable media and other computer files must be password-protected and accessible only by individuals who have a need for access. Reasonable steps must also be taken to ensure that all incoming facsimiles and print jobs containing PHI are viewable and retrievable only by individuals of the Town with a legitimate need for access. PHI that no longer needs to be retained after use should be deleted or shredded, unless subject to record retention policies and procedures.<sup>2</sup>
- Electronic Discussion Groups or Subscription Services. Participation by any Board or Committee member in an electronic discussion group, such as a list-serv, newsgroup, website comments section, or an e-mail subscription service, shall be allowed only if such participation relates to the business of the Town. No

expression, genetic information, or military status, are covered by the Town's *Sexual Harassment Policy* for Appointed and Elected Board/Committee Members and Harassment of Individuals in Protected Classes Policy and Procedures for Appointed and Elected Board/Committee Members and should be referenced for those specific requirements.

participation in such groups for personal reasons, while using the Town's electronic communications systems, is allowed whether during, before, or after normal business hours except in limited situations (e.g., CNN Breaking News) and pre-approval has been obtained from the Human Resources Director. Board and Committee members should be mindful that no confidential information may be shared with other group participants.

- Viruses. Any files downloaded from e-mail or Internet web sites and any removable media received from outside sources must be scanned with the Town's virus detection software before installation or use. Downloading programs (including self-installing software and upgrades) is prohibited without prior approval. Any viruses detected, tampering or system problems must be reported immediately to the Technology Department.
- Personal Use. The use of the Town's electronic communication devices is primarily for business purposes. Personal use of electronic communication devices is prohibited except in limited situations when communication is of a time-sensitive nature and another means of similar communication is not reasonably available. Individuals may not abuse this privilege for any significant amount of personal use or activity. Any communication sent is the responsibility of the user assigned to the account.
- Specific Prohibited Uses. In addition to requiring compliance with this policy, the Town expressly prohibits the use of the camera feature on any electronic device while engaged in Town business, except for otherwise public proceedings, e.g., open session meetings, public events at which you are representing the Town. The Town also expressly prohibits certain specific types of misuse of the Town's electronic communication devices or systems. Board and Committee members shall not use the Town's or other electronic communication devices or electronic communication systems to:
  - engage in any illegal activity including, but not limited to, pornography, terrorism, espionage, theft, drugs, gambling or hacking;
  - send, receive, access, create, print or distribute or otherwise transmit any form of offensive, discriminatory, obscene, pornographic, harassing, defamatory, derogatory, disruptive or otherwise inappropriate communication, at any time, to any person or entity;
  - send, receive, access, create, print, distribute or otherwise transmit inappropriate language or images that offensively address someone's age, gender, race, sexual orientation, religious beliefs, national origin or disability;
  - release any communication that violates the Town's confidentiality requirements including divulging confidential or privileged information;

- use or disclose Protected Health Information (“PHI”) unless pursuant to the Town’s *HIPAA Privacy Compliance Program*;
- authorize other individuals to send e-mail from their account or use another account to send e-mail communications for their own purposes;
- send, receive, access, copy, print, distribute or otherwise transmit copyrighted materials, including music, articles and software, movies, trade secrets or proprietary financial information in violation of Town policy or written agreements or without prior authorization;
- install personal software on Town-owned devices or install Town-owned software on computers that are not owned by the Town without the prior written approval of the Technology Department;
- operate a business, solicit outside business ventures, or otherwise engage in endeavors for any purpose other than Town business including solicitation in connection with political, religious or personal causes (except as described in subsection I above); and
- engage in unethical activities or content, or activities or content that could damage the Town’s reputation.

All such instances as specified in this subsection J must be reported immediately to the Chair of your respective Board or Committee and the Town Manager. It is important to note that while this policy sets forth specific prohibited uses of the Town’s electronic communications, electronic communication devices and electronic communication systems as outlined above, the policy is not designed or intended to limit the Town’s authority to discipline or take remedial action for inappropriate use of the Town’s electronic communications, electronic communication devices and electronic communication systems it deems unacceptable, regardless of whether it is specified in this policy.

- Deletion of E-Mails and Messages. The Town reserves the right to delete e-mails or messages, or other communications, at any time without notice. E-mail messages are archived for a period of seven years or longer, if required by the State Public Records Law.
- Cell Phones. Use of cell phones to discuss Town-related information must be done with extreme caution so as to eliminate the possibility of a breach of confidentiality or the inadvertent disclosure of confidential information. The Town will not be liable for the loss of personal cellular phones brought onto the Town’s premises. Board and Committee members who are charged with traffic violations resulting from the use of their cell phones while driving on Town business will be solely responsible for all liabilities that result from such actions.

Safety studies have shown that drivers who use a cellular telephone while their vehicle is in motion are at a higher risk of being in an auto accident than non-callers. The Town recommends that Board and Committee members not use a cellular phone while driving. However, should a

situation arise in which an individual of the Town needs to use a cell phone while driving, the following safety guidelines shall be followed:

- choose as your first option to pull off to the side of the road and safely stop the vehicle before placing or accepting calls when utilizing your phone in your vehicle;
- do not use your phone while driving to send or review emails or text messages;
- use a hands-free device when available to avoid having to handle the phone while in traffic, read your instruction manual before driving in order to become acquainted with features such as speed dial and redial and do not take notes or look up contact information while driving;
- position your phone within easy reach so that you can access it without taking your eyes off the road;
- use your phone sensibly by assessing the traffic beforehand and place a call while at a red light, stop sign or otherwise stopped and avoid altogether, if possible, using the phone while in traffic;
- keep verbal communications to a minimum, suspend such communications during heavy traffic or hazardous weather conditions and let the person with whom you are communicating know you are driving and may be interrupted;
- avoid stressful or emotional communications while driving by either pulling over or ending the communication; and
- use your phone to call for help by dialing 911 in emergency situations.
- Misuse of Electronic Devices. Electronic devices are provided, including those assigned to Board and Committee members for the purpose of board or committee work. Board and Committee members may be issued a tablet or laptop in connection with appointed or elected duties or for a limited duration. Although devices will generally be provided on equal terms to members of a specific committee, the Town reserves the right not to issue a member a device based on the Town's available resources and/or the member's adherence to the terms of this Policy. Board and Committee members shall be responsible for any damage, loss or theft resulting from their misuse of any electronic devices, and particularly those, such as tablets and laptops, that are used outside of the office.

### Violation of Policy

Violation of this Policy may constitute good cause for removal of appointed Officials under the Town Charter. Any appointed Official who violates this Policy shall be subject to appropriate discipline, up to and including removal from office. Elected Officials may be subject to a request for their resignation, public censure or reprimand or a recall petition in accordance with the Town Charter. The Town intends to follow each provision of this policy but reserves the right to change any provision at any time if circumstances warrant or require and also

reserves the right to terminate or restrict access to any part of the Town's electronic communication systems on an individual or group basis at any time for any reason. A failure to enforce this policy does not constitute a subsequent waiver of any violation of this policy. This policy should be read and interpreted in conjunction with all other Town policies and procedures.

#### Complaints or Problems of Misuse

Should any individual of the Town receive a harassing, offensive, threatening or intimidating communication from inside or outside of the Town, the individual should initiate a complaint by contacting the Harassment Grievance Officer as soon as possible. The current Harassment Grievance Officer is Heather Lemieux, Town Manager. She can be reached at Town Hall, 17 Main Street, 2<sup>nd</sup> floor, Lunenburg, MA 01462, and her telephone number is (978) 582-4144. If you would prefer, you may contact Nancy Forest, Payroll and Benefits Coordinator and Risk Manager, who has been designated as the Alternate Harassment Grievance Officer. She can be reached at Town Hall, 17 Main Street, 1<sup>st</sup> floor, Lunenburg, MA 01462 and her telephone number is (978) 582-4134.

### **Section 2.04 Email by Boards/Committees and Compliance with O.M.L.**

All Governmental Bodies within the Town of Lunenburg should not exchange emails between a quorum (simple majority) of the Board, Committee or Commission, either on a collective basis or on a serial basis on substantive matters as a matter of abiding by the Open Meeting Law. Distribution of a meeting agenda, scheduling or procedural information, or reports or documents that may be discussed at a meeting generally does not constitute deliberation, provided that, when these materials are distributed, no member of the public body expresses an opinion on matters within the body's jurisdiction to other members of the public body. Communication among less than a quorum of the members of the public body will not be a deliberation, unless there are multiple communications among the members of the public body that together constitute communication among a quorum of members. When members of a public body communicate in a serial manner in order to evade the Open Meeting Law, this is a violation of the law.

### **Section 2.05 Social Media Policy for Appointed and Elected Board/Committee Members (Adopted 10/15/2019)**

#### **I. Policy:**

A. Introduction. The Town of Lunenburg (the "Town") depends upon an environment of tolerance and respect for the achievement of its goals in serving the citizens of the Town.

B. Purpose. The purpose of this policy is to provide notice to appointed and elected board and committee members that their use of social media must conform to the law and this policy. This policy is designed to promote and govern the professional and

personal use of social media in a responsible manner and to avoid uses that can: (1) breach confidentiality by revealing protected information about the Town, its citizens, or its employees; (2) expose the Town to liability for behavior that may be harassing, offensive, or maliciously false; or (3) interfere with productivity and/or ability to perform the duties and responsibilities as Officials of the Town.

## **II. Definitions:**

1. The Town: Town of Lunenburg.
2. Official: An individual who holds office in the Town, whether elected or appointed.
3. Social Media: Online forums in which individuals participate in the exchange of ideas, messages, and content, including but not limited to, blogs, microblogs, and social networking sites (e.g., Facebook, LinkedIn, Twitter).
4. Electronic Media: All forms of electronic communication, transmission, or storage, including but not limited to, websites and any content contained therein or related thereto.

## **III. General Provisions:**

A. While Officials may maintain and use personal web pages and websites, blogs, microblogs, social networking sites and other forms of social media while off-duty, their status as Officials of the Town requires that the content of any postings on those social media sites or other web pages not be in violation of existing Town by-laws, policies, directives, rules or regulations. The Town's image as a professional organization comprised of professionals is critical to maintaining the respect of its constituents. Although the Town recognizes that Officials may choose to express themselves by posting personal information upon electronic media sites through personal websites, social networking sites, blogs, microblogs, chat rooms, or other electronic means or by making comments upon electronic sites hosted by other persons, groups or organizations, this right of expression should not interfere with the operation of the Town. That is, although the Town acknowledges its Officials have the First Amendment right to free speech, the right is not absolute and extends only to matters of public concern. Therefore, Officials should exercise caution with respect to comments they post, particularly those concerning the Town and the business of the Town.

B. This section describes acceptable and unacceptable uses of all social media by Officials. Officials should use their best personal judgment when using any form of social media and must ensure that their use does not violate this or any other Town policy.

C. Use of social media is also subject to the Town's Computers and Communications Policy, Sexual Harassment Policy, and Harassment of Individuals in Protected Classes Policy, as well as the Town's other policies and standards of conduct, rules, regulations, and by-laws.

D. All use of social media is subject to the following conditions:

1. There is no guarantee of privacy for electronic communications through Town systems or equipment. The Town reserves the right to review and/or monitor all electronic records and communications, at any time, with or without notice, including individual user folders and other information stored on the Town's electronic communications systems. In accessing the Internet, including social media sites, users should assume that all connections and sites visited using the Town's network will be monitored and recorded. This examination helps to ensure compliance with Town policies, assists when internal investigations must be conducted and supports the management of the Town's information systems. Use of the Town's electronic communication devices including, but not limited to, Town-issued email accounts, Internet services, Intranet, Town-owned lap tops and computers provided for remote use, and computer software constitutes acceptance of such monitoring. Content maintained electronically is also subject to the Public Records Law.
2. All Officials are expected and required to conduct themselves in a manner consistent with the Town's policies and standards of conduct.
3. Officials must not reveal any confidential or privileged information about the Town, its constituents, or its contractors. Officials must be particularly careful to protect against the inadvertent disclosure of confidential information.
4. Officials must not harass others in contravention of the Town's Computers and Communications Policy, Sexual Harassment Policy, and Harassment of Individuals in Protected Classes Policy, regardless of the time, place, form, or manner in which the information is posted or transmitted. Comments may be deemed to violate this Policy even if the Town's name or the name(s) of any individual is not specifically referenced.
5. Officials should be honest and accurate when posting information or news, and if they make a mistake must correct it quickly. Officials should not post any information they know to be false about the Town, its employees, constituents, officials, suppliers, vendors, contractors or any other entities or individuals.
6. Officials may express only their personal opinions and should never represent themselves as a spokesperson for the Town, their board or committee unless designated to do so. If the Town is a subject of the content created by an Official, the Official should be clear and open

about the fact that he/she is an Official of the Town and should make it clear that his/her personal views do not represent those of the Town, or its employees, officials, suppliers, vendors, or any other agent of the Town unless designated to do so. Officials who publish blogs or other online posts related to their role with the Town should make clear that they are not speaking on behalf of the Town (unless designated to do so). Further, an Official's decision to express their personal opinions does not alleviate their responsibility as an Official to take appropriate action under the circumstances, which may include, but not be limited to, taking action themselves or reporting an issue to a supervisor.

7. Officials must also recognize that posting content regarding Town-related matters may result in the violation of the Open Meeting Law. Officials should consult the Open Meeting Law Guide provided to them by the Town Clerk's Office for more information. Town Counsel may also be consulted subject to the prior approval of the Town Manager.
8. Officials are expressly prohibited from using social media to engage in any activity or conduct that violates federal, state, or local law (e.g., software or data piracy, child pornography, etc.).
9. Officials are prohibited from using social media to engage in any activity that constitutes a conflict of interest.
10. Officials are not authorized to provide employee references and are prohibited from using any review or recommendation feature or system on a social media site (e.g., LinkedIn) to post reviews or other comments about employees.
11. Officials must be mindful that residents, property owners and others appearing before Town boards or committees come from all walks of life. Public comments, in any forum, that contain racial slurs, express bigotry toward a group based on their race, religion, national origin, sexual orientation, gender, gender identity or any other legally protected classification shall be considered conduct unbecoming a Town Official and shall constitute good cause for removal for any appointed Official.

E. The Town encourages anyone who uses social media in contravention of this policy to be honest and admit the error as soon as it occurs. Although errors cannot always be erased, prompt notification can make a significant difference in the Town's ability to correct or remedy the issue.

F. Beyond the above general provisions, appointed and elected board/committee members are strongly encouraged to consider the impact of their statements before making them. The Town strives to be professional in its operations and processes. Posts that suggest a likelihood of more or less favorable treatment toward any individual or group of individuals, e.g., based upon race, gender, national origin, sexual orientation, reflects poorly on the individual making an inappropriate statement as well as the Town and its citizens. Further, comments suggesting such treatment can expose the Town to liability and legal costs. All are strongly encouraged to carefully consider their comments before posting them.

#### **IV. Complaints or Problems of Misuse:**

Should any Official receive or become aware of a violation of this policy, the Official should report the violation to the Town Manager as soon as possible. The current Town Manager is Heather Lemieux, who can be reached at the Town Hall located at 17 Main Street Street, Lunenburg, MA 01462, (978) 582-4130.

The Town prohibits taking action against anyone for reporting a possible violation of this Policy or for cooperating in an investigation.

#### **V. Questions:**

Anyone who is unsure whether a particular posting or contribution to online social media violates this policy is encouraged to ask the Town Manager.

#### **VI. Discipline.**

Violation of this Policy may constitute good cause for removal of appointed Officials under the Town Charter. Elected officials may be subject to a request for their resignation, public censure or reprimand or a recall petition in accordance with the Town Charter. A failure to enforce this Policy does not constitute a subsequent waiver of any violation of this Policy.

This Policy shall be read and interpreted in conjunction with all other Town policies and procedures.

#### **Section 2.06 Smoking**

Smoking is prohibited in public buildings and outside areas in accordance with Massachusetts General Laws Chapter 270 Section 22.

## **Section 2.07 Appointments**

Subject to applicable State Law and the Town Charter, the Board shall make its annual appointments at the first regular meeting in June. Appointments made at that meeting shall have terms beginning on July 1 and expiring on June 30. In addition, as the need arises, the Board may make appointments throughout the year for terms to take immediate effect with expiration dates of June 30. Terms shall not exceed three years, unless specifically allowed by Massachusetts General Law.

Appointments shall be based on merit and qualifications that relate to the duties of the subject board, committee or position. Where possible, the Board will seek variety in backgrounds, interest, ages, genders and geographic areas of residents, so that town boards and committees will reflect a true cross-section of the community. In order to attract qualified and interested persons, vacancies and reappointments will be made public as far in advance of the appointment as practicable. The Town Manager will ensure the availability of up-to-date talent bank forms in Town Hall, other town buildings and on the town's website. She/he will also ensure that completed talent bank forms are maintained in an organized and easily retrievable manner, that receipt of the completed form is acknowledged, and that the resident be given a sense of the appointment process.

Reappointment shall not be considered automatic, but shall be based on an evaluation of the appointee's past contribution to the board, committee or position. As part of the annual appointment process, the Town Manager will ask incumbents whose terms will expire on June 30 to fill out a modified talent bank regarding their desire for reappointment and description of their past contributions. The Town Manager's Office will forward the reappointment form to the board or committee asking for their review and response relating to the reappointment of the person as well as the written comments in the application, prior to date of the meeting at which the reappointment will take place. The board will review and consider such comments. The Town Manager will ensure that the Selectmen receive by May 1st a list of appointments and reappointments to be filled by the Board.

As Board-appointed vacancies occur, the Town Manager will ensure that local newspapers are advised of the vacancies, and that vacancy notices are posted on Town bulletin boards and advertised on the town's website and local cable access television channel. Vacancies shall be so advertised on the town bulletin board for no less than ten (10) days per Section 7-10 of the Town Charter. The chairman of the board on which a vacancy occurs will seek talent bank forms, and nomination recommendations from a majority of the relevant committee.

The Board shall meet with applicants to fill any given Board-appointed vacancy or reappointment. This requirement may be waived at the Board's discretion. Appointments shall require a nomination and a second, and shall be made by a majority vote of the Board. Appointees must contact the Town Clerk to be sworn in and be provided with information on the Open Meeting and Conflict of Interest laws.

The Board may from time to time appoint standing or advisory committees to aid on matter under the Board's jurisdiction. The use of such committees provides greater expertise and more widespread citizen participation in the operation of government. The Board will give each advisory committee a written charge, which shall include the work to be undertaken, the time in which it is to be accomplished, and the procedures for reporting to the Selectmen. The Board will discharge committees upon completion of their work. The charges and membership of advisory committees shall be reviewed at least annually to assess the necessity and desirability of continuing the committee.

All committees appointed by the Board shall assure that all committee agendas and minutes are posted on the town's website, in addition to the open meeting posting requirements. Each committee must report in writing at least annually to the Selectmen, and meet with the Board at least once a year. Each committee shall be provided with information on parliamentary procedures

A decision to terminate an appointment may be made by a majority of the Board subject to notice and a right to be heard per the Town Charter.

This policy does not apply to appointments made to an elected Board vacancy that is done jointly between the Board of Selectmen and the Board that has a vacancy.

## **Section 2.08 Flag Policy (Adopted 8/21/18)**

### **I. Statement of policy:**

The purpose of this policy is to establish uniform guidelines for the lowering of the United States Flag to half-staff flown over municipal property.

### **II. Policy:**

1. The United States Flag at town buildings and the cemeteries will be flown at half-staff according to the federal and state mandate.
2. The United States Flag may be lowered to half-staff by declaration of the Board of Selectmen.
3. The Town Facilities staff shall monitor the compliance of this policy at the Town Buildings and the Cemetery Superintendent shall monitor the compliance of this policy at the Town Cemeteries.

## **Section 2.09 Recycled Product Procurement Policy (Adopted 8/13/2019)**

In recognition of the need to make more efficient use of our natural resources, create markets for the materials collected in recycling programs, reduce solid waste volume and disposal costs, and serve as a model for private and public institutions, the Town of Lunenburg is committed to purchasing products which are environmentally preferable and/or made of recycled materials whenever such products meet quality requirements and are available at reasonable prices and terms.

To the maximum extent practicable, the following standards should be adhered to:

- a) For all purchases of printing and writing paper for in-house use or custom printed materials by professional printers, including copier paper, forms, stationary, envelopes, tablets, notepads and file folders, the minimum content standards shall be no less than 30% post-consumer recycled materials.

The decision not to procure recycled content printing and writing paper meeting these standards shall be based solely on a determination that a satisfactory level of competition does not exist, that items are not available within a reasonable time period, or that items fail to meet reasonable performance standards or are only available at an unreasonable price.

- b) When purchasing office, custodial, and maintenance products or any other product(s) purchased by a Town employee for Town use, due consideration will be given to purchasing said product(s) in a form containing recycled-content material. Said recycled

products must be competitively priced and of comparable quality, performance, and availability.

- c) Town departments shall ensure that all contracts for printing require the inclusion of an imprint identifying the recycled content of the paper whenever practicable, along with the recycling symbol.
- d) Each department shall implement paper reduction techniques through the use of scanned documents sent electronically whenever possible, sharing and circulating materials, and reuse of discarded paper for draft work, scrap paper and internal messages.
- e) Each department head shall incorporate waste prevention and recycling in daily operations.
- f) The Town shall request its contractors and consultants to use and specify recycled products in fulfilling contractual obligations wherever practical.
- g) Town employees with purchasing authority shall become familiar with and utilize Massachusetts State Contracts for recycled products and make purchases through the state contract whenever feasible.

## **Section 2.10 Contractors**

Contracting with an outside individual or agency requires adherence to public procurement laws including the use of a written contract and a disclosure form, obtainable from the Selectmen's Office or the Finance Director/Town Accountant. Copies of all bid documents must be sent to the Chief Procurement Officer, and a copy of the contract must also be sent to the Finance Director/Town Accountant.

Should a copy of the executed contract not be on file with the accounting office at the time a voucher for payment is submitted, the voucher will be returned for insufficient information.

## **Section 2.11 Town Communications**

All communications regarding Town procedure and administration or which may affect the Town or its personnel as a whole, will either originate from or be approved by the Town Manager prior to distribution. No individual in the Town is to send or distribute any communication to "All Personnel" or "All Users" without prior authorization from the Town Manager. Managers are authorized to send or distribute communications regarding their area's business.

## **Section 2.12 Conflict of Interest/Financial Disclosure**

Town employees must comply with the requirements of Chapter 268A of the Massachusetts General Laws that governs conduct as a municipal public official or public employee.

The purpose of the conflict of interest law is to ensure that a public employee's private financial interests and relationships do not conflict with his or her public obligations to act objectively and with integrity. The law is broadly written to prevent a public employee from becoming involved in a situation which could result in a conflict or give the appearance of a conflict.

Conflict of interest situations include but are not limited to:

- Taking Bribes
- Accepting Gifts (the law allows up to \$50)
- Acting on Own/Family's/Business' Financial Interests
- Obtaining Municipal Contracts and Multiple Jobs – employees are generally prohibited from obtaining municipal contracts or appointments although some exceptions do apply.
- Misuse of an Official Position to obtain unwarranted privileges for themselves or anyone else.
- Accepting outside employment inherently incompatible with a public position.
- Representing Private Parties in Town Matters.

Chapter 268A also requires all municipal officials and employees to complete an online training once every two years and to file their Certificate of Completion with the Town Clerk.

In any remotely questionable situation, employees are encouraged to get advice and an advisory opinion from the State Ethics Commission at (617) 371-9500.

## **Article III. Financial**

### **Section 3.01 Borrowing (Amended 07/18/2017; 10/11/2018)**

- A. The Town incurs debt either through exempt borrowing or through regular borrowing.
- B. Definitions:
  - 1. Exempt borrowing is funded by an increase in the tax levy outside the limits of proposition 2 ½ for the duration of the debt only. This requires the Town's prior approval, through a referendum vote, to raise the property tax levy. Exempt borrowing is also referred to as excluded borrowing.
  - 2. Regular Borrowing is borrowing funded by the revenues of the Town and does not increase the tax levy. Regular borrowing is referred to as non-exempt or non-excluded borrowing.

The Town may choose to fund the purchase of an asset through regular borrowing, provided the asset:

- 1) Costs more than \$100,000, and
- 2) Has a projected useful life of no less than ten years.

Note: The Town records debt service costs from exempt borrowing and regular borrowing in the Debt Service Schedules spreadsheet maintained by the Town Accountant.

- 3. Debt service costs incurred and paid by Enterprise Funds (e.g. Sewer and Water Departments) are excluded from this policy and from all calculations on debt service cost ratios set forth in section C. Payment of these costs is from revenue sources separate from the Town's tax levy.
- 4. The Regular Tax Levy is the sum of the prior year levy, plus an increase allowed by prop 2 ½, plus new growth. The regular tax levy is exclusive of all revenues from debt exclusion overrides.

Note: The Town's property tax levy information by fiscal year is shown on the Revenues/Expenditure sheet of the Town's Annual Budget document.

5. The Total tax levy includes the regular tax levy and all additions to the regular levy from debt exclusion overrides.
- C. Limits on debt service costs.
1. Regular borrowing debt service costs should not exceed four percent of the regular tax levy.  
The formula: Net debt service costs from regular debt divided by the regular tax levy.
  2. Aggregate annual debt service costs of all exempted debt should not exceed 11% of the total tax levy.  
The formula: Net debt service costs from exempted debt divided by the total tax levy.
  3. Aggregate debt service costs of debts financed by regular borrowing and by debt exclusion overrides should not exceed 14 percent of the total tax levy. The formula: (Net debt service costs from regular debt + Net debt service costs from exempted debt) divided by the Total tax levy.
  4. Irrespective of the method of funding debt (regular borrowing or exempt borrowing) the term of any bond to pay for an asset should not exceed the anticipated useful life of the asset.

**D. Process and borrowing to pay for emergencies.**

1. In accordance with MGL Ch. 44, Section 2, and any other applicable laws, the Town may authorize debt to acquire any asset(s) through regular borrowing only by at least a two-thirds vote in favor at a Town Meeting.
2. In the case of borrowing to pay costs arising from an emergency the Town should repay the debt over as short a period as is practicable up to a maximum of five years, considering the effect that funds to repay this debt may have on the Town's ability to pay operating expenses.

**Section 3.02 Capital Budget** *(Amended 09/02/2014)*

**A. Capital Projects: Definition, criteria**

1. Capital Projects (also referred to as capital assets) are any tangible item that costs \$10,000 or more and has a useful life of three years or longer.

2. Individual items that cost at least \$10,000 and groups of items of the same purpose that cost at least \$10,000 are both capital items.

## **B. Capital Plan: Acquisitions and Expenditures**

1. The Capital Plan includes all proposed capital projects.

- a) This includes projects proposed but not yet acquired in prior fiscal years and those projects proposed during the current fiscal year.
- b) Initial purchase of a group of items to establish a new program or new use shall be in the Capital Plan, with sustaining future purchases to be handled through the departmental operating budget unless these re-purchases meet the requirements of capital projects set forth in Section III. A. 1 and 2 above.
- c) Each submittal of each item to the Capital Planning Committee shall include a financial impact statement regarding its effect on the relevant departmental operating budget(s).

2. Expenditures for Capital Projects:

- a) Expenditures to acquire capital assets that do not involve financing through a debt exclusion override vote (see Section 2. (f) below) will be presented to the Town Meeting for approval or disapproval.
- b) If costs of any approved capital project exceed the amount voted for at Town Meeting, the department which will use the capital equipment may pay the additional costs from their operating budget.
- c) Another option is that because the capital budget is presented to Town Meeting as a lump sum, money may be moved from one item to another as necessary after Town Meeting without further approval from a subsequent Town Meeting. The Town Accountant should notify the Capital Planning Committee of any reallocation of funds within the capital budget from one capital project to another.
- d) If a capital project cannot be acquired for the amount approved at a Town Meeting and the department cannot pay the additional cost out of their current budget (see III. B. 2 c. above) the amount for the capital project may remain in the original approved article, and a request for the project may remain in the original approved article and a request for the additional amount needed may be added to the original approved article and presented to be voted on at a subsequent Town Meeting.
- e) Any unspent monies for capital expenditures that are less than the amount appropriated will be applied in the following fiscal year to another capital project. If these monies are from the unexpended balance of a loan, the Town may appropriate this balance to another capital project. The Town will attempt to insure that the term of borrowing for the new capital project is of equal or shorter duration than the projected life of the project.

### **Financing Large Capital Projects (eg. Buildings)**

In cases that a proposed capital project or acquisition is sufficiently costly, a temporary increase (not to exceed 30 years) in the tax levy may be used to fund the project or acquisition. This is a Capital Outlay Expenditure Exclusion, also referred to as a debt exclusion override. Debt exclusion overrides require:

- A. Approval by the Board of Selectmen by two thirds vote, and
- B. Approval by two-thirds vote at Town Meeting, and
- C. Approval by a simple majority of a town vote at the ballot.

When the Town finances purchase of capital assets through borrowing, the term of borrowing shall not exceed the anticipated useful life of the capital asset.

### **The Capital Planning Process**

A. The Capital Planning Committee (CPC) creates a Capital Plan that consists of all capital requests made by each town department for the next five fiscal years.

B. The CPC reviews all the capital projects requests as a group.

C. The CPC meets with each department head to discuss and review each capital project request that department made.

D. Based on these individual meetings, the CPC prioritizes all the capital project requests for the next fiscal year and presents the prioritized list to the Town Manager.

E. The Town Manager may modify and/or add to this list of capital projects as part of the proposed budget for the next fiscal year. This budget will be presented at the Annual Town Meeting, amended as necessary to reflect the will of Town Meeting, and voted on.

### **Section 3.03 Free Cash (Amended 09/02/2014; 10/18/2018)**

A. Free Cash, Definition, Process of Establishing

1. Free cash is the remaining, unrestricted funds of operations of the Town's previous fiscal year net after certain revenue deficits (e.g. unpaid property taxes) Free cash is a non-recurring source of revenue. It includes:

- a) Unexpended Free Cash from the previous year,
- b) Actual receipts in excess of revenue estimates, and
- c) Unspent amounts in budget line-items.

B. Provided monies from these three sources are neither encumbered nor reserved, they comprise the Town's undesignated fund balance [UFB] at the end of the previous fiscal year.

1. The Town cannot spend monies in the UFB until the MA Dept. of Revenue [DOR] certifies that portion of the UFB is available to be expended by the Town.

2. Certification of the UFB by the DOR involves identifying if the Town has revenue shortfalls from the previous fiscal year, (e.g. unpaid property taxes) or other revenue deficits. If so, the Town should apply money from the UFB equal to the amount of these revenue deficits, or if the revenue deficits exceed the amount of the deficits in revenue from the previous year, the entire amount in the UFB.

3. The portion of the UFB that the DOR certifies becomes Free Cash, which the Town can spend.

**C. Priorities for Applying Free Cash:**

1. The highest priority use of Free Cash should be to increase the balance of the Stabilization Account if necessary to a level of at least five percent of the current fiscal year omnibus budget.

2. The next highest priority use of Free Cash should be to fund an amount equivalent to at least 10% of the previous fiscal year's certified General Fund Free Cash for deposit into the OPEB Trust Fund on an annual basis.

3. The third highest priority use of Free Cash should be to fund an amount for deposit into the Special Purpose Stabilization Account provided the deposit is consistent with all stipulations in the policy on Stabilization funds. The amount is to be calculated each fiscal year during the capital planning process and should be based on the cost of upcoming large capital improvement requests.

4. Any monies that remain in Free Cash may be used to fund one-time expenditures for specific departments and/or special projects at the discretion of the Town Manager, subject to appropriation by Town Meeting.

D. Because Free Cash is non-recurring revenue, it should not be used to fund any personnel, program, or initiative that would require expenditures in subsequent fiscal years.

**Section 3.04 Stabilization and General Reserve Fund (Amended 09/02/2014; 10/11/2018)**

**A. Definition and Purpose:**

1. Stabilization Funds are one or more special reserve accounts allowed by MGL c. 40 §§ 5A, 5B, 5C to provide extraordinary or unforeseen expenditures.

- a) Cities and towns may appropriate an amount not to exceed ten percent of the amount raised the preceding fiscal year by taxation of real estate and tangible personal property.
- b) The aggregate amount in all Stabilization Funds may not exceed ten percent of the equalized valuation of the Town.
- c) The Town Treasurer shall be the custodian of all such funds and may deposit the proceeds and all interest shall be added to and become part of the fund.
- d) General stabilization funds may be for any lawful purpose, including without limitation an approved school project under c. 70B or any other purpose for which the city, town or district may lawfully borrow money.
- e) Designated stabilization funds are earmarked to be used for a specific purpose. An example of a designated stabilization fund is the Zoning Incentive Stabilization Fund, established to fund projects specifically benefitting the area around the Tri-Town landing development.
- f) Any appropriation of funds out of any such fund(s) shall be approved by a two thirds vote at an Annual or Special Town Meeting.

#### **B. Stabilization Fund Policy/Guidelines:**

1. Fund Balances: A minimum balance equal to five percent of the current omnibus budget should be maintained in the aggregate of the general stabilization fund. The Town should maintain a balance in the general stabilization fund of no less than four percent of the prior year's omnibus budget. The total of all funds should not exceed ten percent of the prior years' omnibus budget.

#### **2. Withdrawals from the Stabilization Fund:**

- a) Withdrawals from the stabilization fund may be appropriated for any lawful purpose.
- b) Because funding of stabilization fund(s) may include funds from non-recurring sources (like free cash), withdrawals should only be used to mitigate a non-recurring, extraordinary, catastrophic or emergency event or events that cannot be supported by current general fund appropriations.
- c) Withdrawal of funds should be limited when possible to the amount available above the five percent minimum fund balance.
- d) Any appropriations from this fund shall require a two thirds vote at an Annual or Special Town Meeting.

#### **3. Replenishing the Fund:**

a) When withdrawals from the Stabilization Fund result in a balance that is below the minimum level of five percent of the current omnibus budget, the Town Manager shall develop a detailed plan that will replenish the fund until it reaches at least five percent of the omnibus budget as expeditiously as practicable, ideally a period not to exceed three years.

b) When increases in proposed omnibus budgets result in a balance in the Stabilization Fund(s) that is less than five percent of the proposed omnibus budget level, sufficient money should be allocated in the proposed omnibus budget to increase the stabilization fund(s) balance to at least five percent of the proposed omnibus budget. If this is not possible, the Town Manager shall develop a plan that replenishes the Stabilization Fund balance to a level that is no less than five percent of the proposed budget level as expeditiously as practicable, ideally a period not to exceed three years.

### **C. General Reserve Account (Fund)**

1. MGL c. 40 § 5C, 6 allows towns to establish General Reserve Funds “to provide for extraordinary or unforeseen expenditures”

2. Before the Town expends funds from the General Reserve Fund to pay extraordinary or unforeseen expenses, the Town should employ other funding mechanisms (e.g. budgetary transfers) to pay for those expenses.

3. The Town’s General Reserve Fund balance is currently set at \$50,000 and the level should be set annually as part of the budget review process. The law limits the General Reserve Fund to an amount not to exceed five percent of the Town’s tax levy for the preceding year but the policy of the Town is that it should not exceed one-half of one percent of the current omnibus budget for the Town.

## **Section 3.05 Warrants**

All warrants must be available for review and signature by 5:30 p.m. on the meeting date.

## **Section 3.06 Investment Policy Statement (Updated 11/8/2018)**

### **I. The Investment of General Funds, Special Revenue Funds, Enterprise Funds, and Capital Projects Funds**

#### **A. Scope**

This section of the IPS applies only to short term operating funds such as general funds, special revenue funds, enterprise funds and capital project funds. Section two applies to trust funds, bond proceeds and any other funds with special circumstances such as stabilization funds. A separate Contributory Retirement Board, either local or county, is responsible for the investment of the pension funds.

## B. Objectives

Massachusetts General Laws, Chapter 44, section 55B requires the municipal treasurer to invest all public funds except those required to be kept uninvested for purpose of immediate distribution. Modern banking systems enable the public treasurer to maintain even these funds in interest bearing form until the date a disbursement order clears through the banking system.

The state law further requires that invested funds are to be placed at the highest possible rate of interest reasonably available, taking into account safety, liquidity and yield. Therefore, these guidelines are intended to further the objective of securing the highest return available that is consistent with safety of principal while meeting the daily cash requirements for the operation of the Town's business.

- **Safety** of principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure the preservation capital through the mitigation of credit risk and interest rate risk. These risks shall be lessened by the diversification and prudent selection of investment instruments, and choice of bank or brokerage house. Credit risk is the risk of loss due to the failure of the security issuer or backer. Interest rate risk is the risk that the market value of the security will fall due to changes in general interest rates.
- **Liquidity** is the next most important objective. The overall investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. Since all possible cash demands cannot be anticipated, the treasurer shall carry out investment activities in a manner that provides for meeting unusual cash demands without the liquidation of investments that could result in forfeiture of accrued interest earnings, and loss of principal in some cases.
- **Yield** is the third, and last, objective. Investments shall be made so as to achieve the best rate of return, taking into account safety and liquidity constraints as well as all legal requirements.

## C. Investment Instruments

Public investments in Massachusetts are not protected through provisions in State law. Therefore, they are largely uncollateralized. Many banking institutions are willing to put up collateral, albeit at a cost to the town of a lower interest rate. The Treasurer negotiates for the highest rates possible, consistent with safety principles.

The Treasurer may invest in the following instruments:

- Massachusetts State pooled fund: **Unlimited amounts** (Pool is liquid)
  - The Massachusetts Municipal Depository Trust (MMDT), an investment pool for state, local, county and other independent governmental authorities, is under the auspices of the State Treasurer. The Trust invests in high quality “2a-7”-like eligible money market instruments of domestic and foreign issuers, U.S. Government securities, and repurchase agreements. Under Government

Accounting Standards Board Regulation (GASB III), it is not considered an uncollateralized product.

- U. S. Treasuries that will be held to maturity: **Unlimited amounts** (Up to one year maturity from date of purchase)
- U.S. Agency obligations that will be held to maturity. **Unlimited amounts** (Up to one year maturity from date of purchase)
- Bank accounts or Certificates of Deposit (“CDs”) (Up to one year) which are fully collateralized through a third party agreement: **Unlimited Amounts**
- Bank accounts and CDs (Up to one year) fully insured by F.D.I.C. and in some cases also Depository Insurance Fund of Massachusetts (D.I.F.) or Share Insurance Fund (S.I.F.).  
All bank accounts and C.D.’s in one institution are considered in the aggregate to receive the \$250,000 insurance coverage.
- **Unsecured bank deposits** of any kind such as other checking, savings, money market, or Certificates of Deposit accounts at Banks that do not fit the above categories. These investments will be limited to **No more than 5% of an institution's assets and no more than 25% of the Town’s cash.** Their credit worthiness will be tracked by Veribanc, or other bank reporting systems. They will be diversified as much as possible. As a general rule, CDs will be purchased for no more than three months and will be reviewed frequently. These limits do not apply to fully insured deposits.
- **Repurchase Agreements (“Repos”)**, not to exceed ninety days.

#### **D. Diversification**

Diversification should be interpreted in two ways: in terms of maturity as well as instrument type and issuer. The diversification concept should include prohibition against over concentration of maturities, as well as concentration in a specific institution. With the exception of U.S. Treasuries or agencies, and M.M.D.T., no more than 25% of the Town’s investments should be invested in a single financial institution unless that institution’s investment is fully insured or collateralized, except during periods of increased cash flows but not longer than two months.

#### **E. Authorization**

The Treasurer and Assistant Treasurer have the authority to invest the Town’s funds, subject to the statutes of the Commonwealth cited above.

#### **F. Ethics**

The Treasurer-Collector and Assistant Treasurer, the Commissioners of Trust Funds, and any other officers authorized to invest town funds, shall refrain from any personal activity that may conflict with the proper execution of the investment program or which could impair their ability to make impartial investment decisions. Said individuals shall disclose to the Town Manager any material financial interest in financial institutions that do business with the town as defined by Conflict of Interest Law. They shall also disclose any personal financial investment positions or loans that could be related to the performance of the town's investments.

## **G. Relationship with Financial Institutions**

Financial institutions shall be selected first and foremost with regard to safety. The Town shall subscribe to and use one or more of the recognized bank rating services, such as Veribanc or Sheshunoff. Brokers shall be licensed, reputable dealers.

The Treasurer shall require any brokerage houses and broker/dealers, wishing to do business with the municipality, to supply the following information to the Treasurer:

-Audited financial statements

-Proof of National Association of Security Dealers certification. Proof of credit worthiness (minimum standards: at least five years in operation and a minimum capital of 10 million dollars)

## **H. Reporting Requirements**

An annual report containing the following information will be prepared by the Treasurer and given to the Town Manager and Finance Director. The report will include the following information, as a minimum requirement:

- A listing of the individual accounts and individual securities held at the end of the reporting period.
- A listing of the short-term investment portfolio by security type and maturity to ensure compliance with the diversification and maturity guidelines established in the "Diversification" section of this investment policy.
- The Treasurer shall include in the report a brief statement of general market and economic conditions and other factors that may affect the Town's cash position.
- The report should demonstrate the degree of compliance with the tenets set forth in the IPS.

## **II. The Investment of Trust Funds and Bond Proceeds**

### **A. Scope**

This section of the policy applies to funds that could be invested long term (i.e.: bond proceeds, trust funds, and stabilization funds.)

## **B. Bond Proceeds**

Investment of Bond proceeds is governed by the same restrictions as general funds, with the additional caveat of federal arbitrage regulations. The investment goals are the same as those for general funds.

## **C. Trust Funds**

The investment of trust funds for library purposes is subject to the directions of the Board of Library Trustees. Unless otherwise directed by the terms of the trust instrument, all other trust funds are under the jurisdiction of the Commissioners of Trust Funds. The investment goals are long-term preservation of capital and delimited liquidity.

Trust Funds may be co-mingled and invested according to the prudent investor rule set forth in Chapter 203C of the General Laws. Each trust fund must be accounted for separately as to its unexpendable principal (if any), its expendable balance and its income.

## **D. Stabilization Funds**

This paragraph shall apply to all general and special purpose stabilization funds of the Town. The total of all Stabilization Funds shall not exceed ten percent of the equalized valuation of the Town, and any interest shall be added to and become part of the fund. The treasurer may invest the fund according to the prudent investor rule set forth in Chapter 203C of the General Laws.

The Trust Fund shall be invested and reinvested by the Treasurer consistent with the prudent investor rule set forth in Chapter 203C of the General Laws.

The OPEB Trust Fund is intended to ensure the long-term availability of funding of benefits. Current benefit expenditures are not paid from the Fund. Therefore, the investment goals are long-term preservation and appreciation of capital.

## **Section 3.07 OPEB FUNDING POLICY (Approved 01/02/18)**

### **I. Statement of policy:**

The purpose of this policy is to establish guidelines for management of the impact of the Town's Other Post-Employment Benefits liability on the overall budget and credit rating within the context of town's long term obligations to its retirees. The town's Other Post-Employment Benefits Trust Fund was established in November of 2010 with the acceptance of Chapter 32B, Section 20 of the Massachusetts General Laws, which requires segregation of these funds for this actuarial liability

### **II. Definitions:**

"OPEB": Other Post-Employment Benefits that an employee will receive at the start of retirement. This does not include pension benefits paid to the retired employee but does include medical, dental, vision, life insurance, disability insurance and any other OPEB benefits, whether optional or mandatory, in effect now or to be in effect in the future, at the time of retirement.

"OPEB Trust Fund": Fund established by town meeting vote, separate and apart from the general revenues of the Town, to pay the Town's liability for payment of premiums and/or related expenses in connection with medical and other benefits for its employees after retirement.

### **III. Guidelines:**

- A. The OPEB Trust Fund may be supported by transfers from multiple funding sources, including taxation, enterprise fund revenue and/or Free Cash. At minimum, the Town will request an amount equivalent to at least 10% of certified General Fund Free Cash at town meeting for deposit into the OPEB Trust Fund on an annual basis. In addition, funding will be designated from the individual enterprise funds to offset the funds' overall share of assigned liabilities as determined by the most recent actuarial study. All interest proceeds generated by the accumulated deposits shall accrue to the Trust Fund.
- B. The custodian of the OPEB Trust Fund is the Town Treasurer. The investment goals are long term preservation and appreciation of capital. Transfers into and withdrawals out of the OPEB Trust Fund require a town meeting vote, upon recommendation by the Town Manager.
- C. Current retiree health benefit obligations will be funded on as a pay as you go basis and are not to be paid from the OPEB Trust Fund.

## **Section 3.08 Tax Title Policy and Procedure (Adopted 05/15/2018)**

### **Purpose**

This policy and procedure will define how the Town of Lunenburg will transition unpaid real estate taxes into the tax title status. The creation of a tax title has proven to be the most effective remedy for enforcement of the collection of taxes on real property. The foreclosure process is an effective payment enforcement tool available to the Town. The Treasurer/Collector can induce a delinquent taxpayer to redeem a tax title by paying the necessary tax and charges or to forfeit title to the property by action of the Land Court.

### **Time of Taking**

The Treasurer/Collector will process the initial tax taking for each levy year the following fiscal year. The Town has the option of initiating the process as early as 14 days after the demand has been issued, but must complete the taking within 3 years and 6 months from the end of the fiscal year for which the taxes were assessed under Mass General Law Chapter 60 Section 37.

### **Collection Efforts Prior to Taking**

The Town issues a demand 14 days after the fourth quarter due date each fiscal year. The demand notice is sent out to property owners during the middle of May or before the end of the fiscal year.

### **Procedure for Tax Taking**

Courtesy letters will be sent out by the Treasurer/Collector to property owners and to the subsequent owner know, reminding them of the previous year's unpaid taxes and informing them that if the taxes remain unpaid that the tax title process will take place.

Before moving forward with preparing for the tax taking, the Treasurer/Collector's office confirms that a demand notice has been issued to the property owner at least 14 days before preparing the Notice of Taking. The Town will begin the tax taking process no later than six months after the demand has been sent, allowing taxpayers a greater amount of time to satisfy the tax obligation.

The Treasurer/Collector will prepare a Notice of Tax Advertising for each parcel. The Notice of Tax Advertising includes the names of all owners known, property location, bill number, parcel number, and book/page. If the owner of the parcel as shown by the Assessor's records at the time of the taking is different from the owner who was assessed for the delinquent taxes, the name of that subsequent owner should be included in the notice of intent to take. This communication makes the property owner aware of when the legal notice of parcels with outstanding taxes for the levy year approaching tax title will be published in the local newspaper. The letter also lists the total amount due and the acceptable forms of payment.

At least 14 days before the tax taking, the Notice of Tax Advertising will be published in a local newspaper and two or more convenient and public places. The two legal posting locations will be the Town Hall and the Library. As a courtesy and convenience to residents, the Treasurer/Collector will post on the town website and Powell Stone & Gravel.

During the 14 day notice period, partial payments cannot be accepted. Any payments made in full must be made by either: cash, certified check or bank check during the notice period.

At the designated time and place, the Treasurer/Collector announces that he/she takes the property for the Town.

After the taking announcement, an Instrument of Taking is prepared for each parcel. The Instrument must be recorded at the Registry of Deeds within 60 days of the date of taking. The date of the Instrument of Taking should be the date of the actual taking, not the date in which the form is being prepared or recorded. Land identified with a certificate title or document number, rather than a book and page, is registered land and must be recorded in the land court section of the Registry of Deeds.

The Treasurer/Collector will prepare a list of Recorded Takings. A listing of all individuals in tax title status will be provided to all Departments, Boards and Committees which issue licenses or permits pursuant to Massachusetts General Laws (hereinafter "MGL") Chapter 40, Section 57 and the Town Bylaws. The Departments, Boards and Committees shall review the list and implement provisions of the above referenced statute and by-law against any delinquent taxpayers to whom they have issued or are in the process of issuing a license or permit. A copy is provided to the Town Accountant and a copy is filed in the office.

### **Additional Fees and Interest on Tax Title Account**

The tax title obligation will include the original tax, interest accrued to the date of taking, legal fees, advertising fees, certified mailing costs and the fee amount to record the Instrument of Taking.

### **Payment Plans**

The Treasurer/Collector will consider payment plans only after a tax taking lien has been recorded. The lien that is recorded protects the Town's interest and allows the Town at some future time to collect the taxes owed or take ownership of the property. Under other circumstances, the Town can ask the Town's attorney to assist in communicating with the taxpayer to arrange the details of the payment plan. All payment plans require a good faith payment of 25% of taxes owed as well as a commitment to keep the current year's taxes up to date. In collaboration with the taxpayer, a monthly payment amount will then be determined. The goal of payment plans is to assist the tax payer to become current on taxes owed. The monthly amount needs to be an amount that the taxpayer can afford. It should not be set at such a level where the payment plan is doomed to fail.

If the party that has the payment plan with the Town defaults on the terms of the payment plan the Town will begin the foreclosure or tax lien sale process.

### **Certification of Subsequent Tax Takings:**

No later than six months after the demand has been sent, the Treasurer/Collector will certify all unpaid taxes and assessments for parcels of real estate taken into tax title for nonpayment of taxes in prior year(s) and not redeemed 14 days after the demand was issued.

The Treasurer/Collector prepares a list of Subsequent Tax Takings. A copy is provided to the Town Accountant and a copy is filed in the office.

### **Payment of Tax Title Obligation**

Upon payment of the amount outstanding on a tax title property, the Treasurer/Collector will prepare a Certificate of Redemption and will be provided to the homeowner or whoever requested it. This should be filed with the Registry of Deeds by the property owner or requestor and removes the lien that was originally placed on the property. Payment of the tax title obligation can only be redeemed until one year after a petition to foreclose has been filed in the Land Court. (MGL Chapter 60, Section 69A)

### **Foreclosure Proceedings**

The Treasurer/Collector will work with the law offices of the Town's attorney to prepare the parcels that went into tax title status for foreclosure. A copy of each Instrument of Taking is provided to the attorney for review and research.

The law offices of the Town's tax title attorney will mail letters to all the delinquent taxpayers and present owners of properties that were placed in tax title informing them of the importance of redeeming the property and that the next step of the process is to begin foreclosure proceedings if the obligation remains unpaid. The payment amount changes on a daily basis and an exact amount should be obtained before coming to Town Hall.

When the Land Court issues a Final Judgement/Foreclosure Decree, the tax title attorney will record this at the Registry of Deeds. The Tax Title Attorney will then provide a copy of the Decree to the Treasurer, who will also provide a copy to the Town Accountant and Assessor's Office.

Prior to auctioning the property after the one year Petition for Redemption, the Treasurer/Collector will notify all Departments, Boards, and Committees that may have an interest in retaining the parcel for town use.
